*who happened to be one of Dudley's references when he applied for the job in OIOS....*

*who had presided over the 3 month delay in having my complaint against Baldini investigated, after it was elevated to the S-G because Lapointe did nothing about it....*

Dear Antigoni and Christian:

*She did more than just "agree" - she DRAFTED it!*

Please see below an article from Newsday. See below link. Now Peter Gallo is trying to discredit me within the legal community which will impact on future employment. My application for a Judgeship may now be in jeopardy.

*Hold on just a minute*

*Actually no, he is just trying to defend his professional reputation....*

I was Peter's second reporting officer and did agree with the PIP. Peter has brought 3 appeals of the PIP and lost on all 3. Now his is taking his fight to the press.

*(Not quite true, but never mind.)*

*....but Baldini wouldn't EXPLAIN what he had done to merit the PIP, would she?*

Peter did push into me and I did report the incident to DSS. Peter has also screamed at me in public. I am not the only one to whom he has directed his ire.

*Baldini had been on Sick Leave for OVER 6 MONTHS, from which one can reasonably conclude she must have been in very poor health.*

*By Nov 2014, however, she has applied for appointment as a JUDGE, (a stressful, high-pressure job) and knew in advance that she will be well enough to take up such a post the following April???*

I believe that I am covered under the 1947 Convention on Privileges and Immunity.

*A moot point, but never mind.*

Please let me know what if anything can be done about this.

Regards,

*In the first place;*

- IF I HAD "pushed into her" - that WOULD be an assault.*
- Baldini is a former prosecutor (who wants to be a Judge); she must know that would have constituted the crime of assault.*
- An assault in the UN is a Cat.1 Misconduct, and as such it should be investigated by OIOS.*
- DSS have NO JURISDICTION to investigate an OIOS staff member for anything at all, far less a Cat.1 misconduct.*
- Baldini was an OIOS Section Chief and must have known the mandates of these respective offices...*

*....so why did she report anything to DSS?*

*In the second place;*

*WHEN AM I SUPPOSED TO HAVE "SCREAMED AT HER IN PUBLIC"???*

*I had had the tiniest little thing was blown up out of all proportion in the great enthusiasm in the attempt to find something to support a misconduct complaint against me, but nobody told me about this one....*
