Dear Colleagues:

Please allow me to correct the record on one fact of the matter that Mr. Gallo has unfortunately chosen to share with all of you in his note below.

I have indeed provided Mr. Gallo with a notice of Appointment of a Fact-Finding panel to investigate a complaint of prohibited contact against him under ST/SGB/2008/5.

That notice included the name of the complainant, and it was NOT Mr. Michael Dudley.

I am disappointed that this ongoing behaviour sadly deflects our energies away from the important work that OIOS is responsible for.

Please trust that I am trying my best to engage all the resources and bureaucracy available to me to put an end to the unproductive in-fighting, but I need the commitment of all OIOS staff members to achieve this.

Really? Cannot make a simple decision?

Interesting. When do I get any of this "respect" when the USG will not answer any simple questions?

I indeed need your help.

Please assist me by treating each other with respect in all matters, at all levels, in all directions, and in all locations, and in not further legitimising this behaviour by proliferating the correspondence or the sentiments expressed therein.

Sincerely,
Carman

Attached is my response to what I consider the latest manifestation of a long list of ridiculous and petty complaints made against me commencing on 14 March 2013. I am grateful for the opportunity to have this one brought into a public forum and, as the subject of this panel I am waiving my right to confidentiality.

This is a matter of relevance to every staff member in OIOS (indeed, to every staff member in the UN) I have no problem sharing with them. That does NOT, however, imply consent to pass it on to the Inner City Press.

Thank you.
