

I have no idea who this refers to. Could it be Baldini & Dzuro's earlier complaint about the "possible assault"?

Lease proceed with the termination. As we have other staff members now refusing to work on the office out of concern for their own safety, I also want him out immediately with pay in lieu of notice.

Please proceed expeditiously as his Deadline is approaching today.

Dear Ms. Lapointe, we can terminate him based on his last 2 appraisals:

I understand remedial actions were taken. Whether the staff member accepted (or didn't) the remedial actions (ie PIP) I believe is irrelevant, similar to how we treat a performance appraisal as completed so long as there is no rebuttal request within 14 days.

So long as we establish the unsatisfactory performance, I believe we have grounds to pursue termination as per staff regulation 9.3 (a) (ii).

We met with OHRM on this and this is possible however they said that usually the appeal process, if there is one, may extend beyond the end of the contract.

USG not concerned about why the 496/11 report was delayed 16 months.

Nobody interested in why Dzuro claimed I was so wrong for suggesting something be referred for criminal investigation - or even what it was....

OIOS have absolutely no interest in answering any questions on the substance of anything.

What about ending his contract? I don't think he should be rewarded for bad behavior by going on paid leave for 5 months. We can't authorize this anyway.
