I am still not 100% clear on why the Unit Chief would "need" to be copied on this e-mail simply because it came to me by accident first. If the email had gone direct to the person who was dealing with the case, the Unit Chief would not need to see it......

	{In Archive} Fw: Audit of Management of Engineerin (AP2011/812/07) Michael Dudley to: Dan Wilson	ng Projects in UNAMI 03/10/2013 08:52 AN

Dan:

I am sorry that I have to write to you again, regarding Pete Gallo. I received this from Peter Faiz.

Once again Peter Gallo drops the ball. Rather than asking me or if he did not wish to write to me directly he should have asked you to inform me that there was an inquiry regarding the case involving Mr. Enan. Peter Gallo did not even provide a case number or make inquiries into the status of the case., but simply abdicated any involvement. Therefore, I had to take time to determine which case it was that Mr. Faiz was asking about.

For your information. Case 291/12 investigation report was issued on 22 March 2013.

Regards Roberta

Roberta, please check your email from me dated 9 October. Peter raised this issue with me and 1 forwarded same to Vlad as your OIC. Even provided him the case number. I instructed Peter out of protocol to inform the addressee that his concern would be addressed by the appropriate office.

In light of the above I will being take no further action on this matter.

Regards Dan

Vlad, Peter has forwarded this to me. He responded to Mr. Faiz advising that his query would be forwarded to the appropriate office for response. Peter has advised that this matter was investigated and closed; 0291/12. If it was a retaliation matter it should have been at the hands of the Ethics Office to respond. At any rate, thought it best to forward to Unit V so that an appropriate response can be provided as deemed best yourself and/or Roberta.

Thanks Dan

Dear Mr. Gallo,

Almost a year ago, the Ethics Office referred the above case to OIOS for review and we understand that an investigation was conducted, however, to this date, no outcome has been conveyed to DGACM nor to the parties concerned. This situation is impacting on the operational activities of the concerned office and DGACM is anxious to learn the outcome of the investigation.

Would be most grateful for an update/timeline as to when the investigation will be concluded and the findings revealed.

Thank you.

Regards, Peter

Dear Dan.

I have received this enquiry from the Executive Office, DGACM. I have replied to Mr. Faiz explaining I am the wrong person to ask as my involvement with the case ended a long time ago, but that I will pass his enquiry along so someone can assist.

The case is 291/12. I have always had concerns about this case because it was one of only a tiny number of retaliation cases where the Ethics Office found a prima facie case of retaliation and it was referred to us to investigate. I did the investigation and the result was a closure on a legal technicality. Moreover, ST/AI/2005/21 gives us a strict time-limit of 120 days to complete the investigation and PPS took ages to get the report out. The complainant has a reputation for being something of a serial litigant, so I remain mildly surprised he did not complain about the investigation as well.

Just before I went on medical leave at the end of May, I started work on an almost identical case, also referred by Ethics into almost identical allegations against the same subject. That was handed off to Lee Moreton. I do not know what has happened on that case.

DGACM are now anxious to know what is happening.

All I have done is told the sender I am no longer dealing with it. The email was copied to RMB anyway but could you do what is diplomatically expedient to get an answer back to DGACM.

Thanx

Carman, I am forwarding you this in relation to Roberta's previous complaint regarding the conduct of Peter Gallo. It is my assessment that it is somewhat relevant to your current inquiry as I feel it again demonstrates a bias against my staff member.

I do not need a reply. Just thought it should be provided.

Regards Dan
